Decision to postpone the re-election of the board of directors and call for stronger efforts to find candidates to participate in the election in the coming year.	The board discussed that the earlier calls for candidacy to participate in the elections to refresh part of the board of directors had not been successful. No candidates stepped forward, and as a result, the election was forced to be postponed. The board agrees to hold off the election temporarily, and calls for more efforts in the coming year to identify interested and qualified persons and convince them to step forward in the coming year	Board of Directors	Approved with no objections.
