Dear Mr. Zhang and Ms. Wang,

On behalf of The Valley Hospital Foundation, I want to thank you for your generous contributions of 3,000 KN95 masks to help Valley combat coronavirus. These contributions will help us carry out the massive efforts taking place to treat patients with this illness. The outpouring of support from individuals and groups has been tremendous and is making a difference.

The past few weeks have brought unprecedented challenges for our community. This crisis has reminded us why Valley was established and why it is so important to have a first-class healthcare system and facilities close by to address our own medical needs.

All of us at The Foundation Office are available to you if you have any questions or want to help at 201-291-6300. We are here for you during this difficult time.

Many thanks,

Sandy Carapezza  
Executive Director of Development
